N.W. (kg)	128/153	133/158
Packing size 4PCS (mm)	2140x620x1110	2140x760x1110
Q.'ty/20'	72	56

- Single cylinder appears stronger.
- Automatic descending speed control by a uniquely hydraulic valve, the descending speed always keeps same regardless the truck with or without load. It will prevent cargo damage from fast descending.
- Adjustable stabilizers extended to the floor automatically when the forks reach a height of 420mm, to ensure maximum stability and optimum braking.
- Safety: Patented safety system on handle to prevent accidental touch of the release handle thus causing sudden sliding down of the fork, you can screw the release handle tight in slow or quick lifting position.
- CE certificate
